EL-Kannah Ministries has been **established by the Direct Will Of EL-SHADDAI (The Almighty God)!**

EL-Kannah Ministries ...Purpose (as stated below) was written by our prior Certified Public Accountant, Mr. David Cole and accepted by the prior Board of EL-Kannah Ministries.

PURPOSE OF EL-KANNAH MINISTRIES

EL-Kannah Ministries has been organized as a Christian Educational and Biblical Counseling Service. The stated Purpose is to provide **Seminars, Educational Materials and Biblical Counseling** mainly to groups of clergy on a Non-Denominational basis. In accomplishing this purpose, structured seminars for Ministers are held over much of the western United States, with the formal content being **Methodology of Combatting Destructive and Unwholesome Influences such as Cultism and satanism** on the people of our nation. A positive message is imparted so that the clergyman feels the power of his individual convictions and belief's. The chief benefit of this instructional process is that participating clergymen are better able to find specific direction and purpose for their individual lives and are better able to structure their ministerial activities and duties to achieve the greatest impact on those around them. In addition to the Group Seminars, a Tape Ministry is available (now on-line) and Individual Biblical Counseling is undertaken when requested.

Travel is normally to a Sponsor Church where the instructional session is held. Classes have been held for Pastors of nearly every Denomination, both Protestant and Catholic. The principle lecturer, Rev. (Dr.) Victor Hugo Ernest, has been widely quoted and the EL-Kannah Ministries materials (largely written by him) have been used World-Wide by such notable individuals as the **Reverend Billy Graham**, who incorporated some of the material on cults into his book, **Escape From Darkness**.

The seminars and materials have been furnished on a cost-only basis to any interested user, and at no cost if the individual or group is unable to pay. EL-Kannah Ministries traditionally has had sufficient income from unsolicited donations and from the sale of materials to cover the cost of these programs.

Future plans are to formalize the structure of the organization in order to provide more people, particularly professional clergy, with this unique Christian instruction. It is not anticipated nor desired that EL-Kannah Ministries become a “media=ministry” handling large sums of money, but rather that it’s important message be transmitted beyond the lives of the EL-Kannah Ministries organizers. In order to do this, the organizer’s have been advised by prior Professional Legal and Tax Counsel to complete the Incorporation Process and seek Tax-Exempt status under Section 501© (3) of the Internal Revenue Code.

Please Note: At this time, EL-Kannah Ministries in under a Sole Proprietorship Nonprofit status and Not under a 501© (3) tax deductible status.
